Folding graph

Folding graph

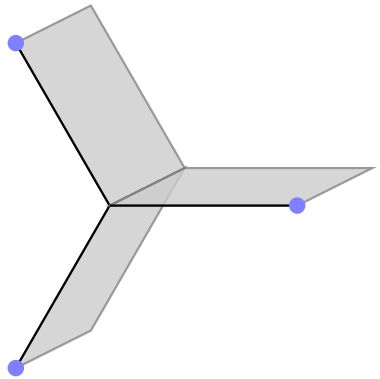
- Vertices are folding complexes (modelling folding states)

Folding graph

- Vertices are folding complexes (modelling folding states)
- Edges are folding plans connecting two folding complexes

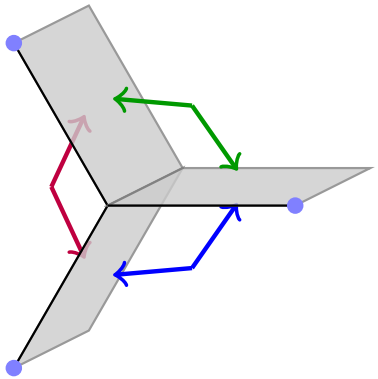
Folding graph

- Vertices are folding complexes (modelling folding states)
- Edges are folding plans connecting two folding complexes



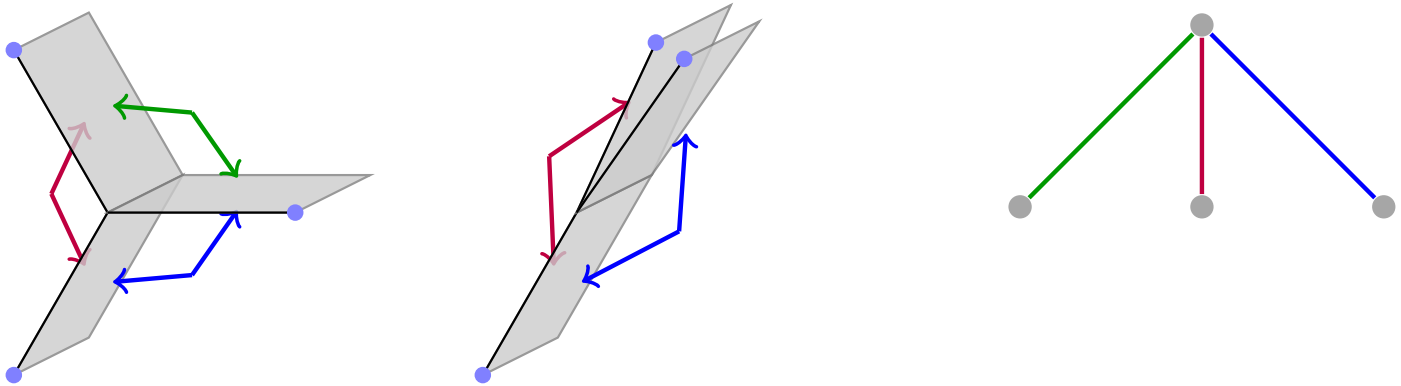
Folding graph

- Vertices are folding complexes (modelling folding states)
- Edges are folding plans connecting two folding complexes



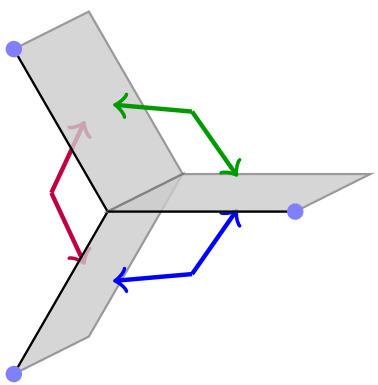
Folding graph

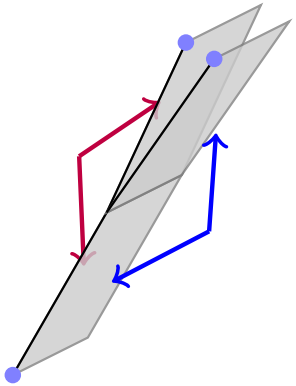
- Vertices are folding complexes (modelling folding states)
- Edges are folding plans connecting two folding complexes

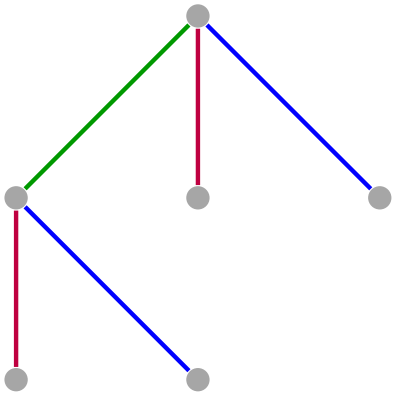


Folding graph

- Vertices are folding complexes (modelling folding states)
- Edges are folding plans connecting two folding complexes

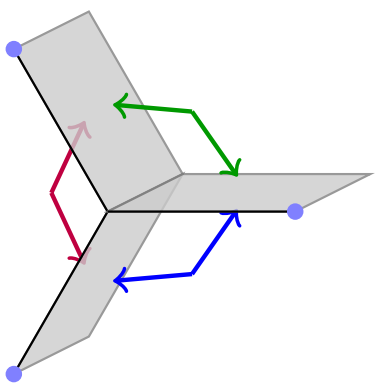


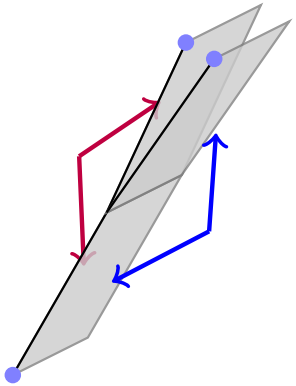


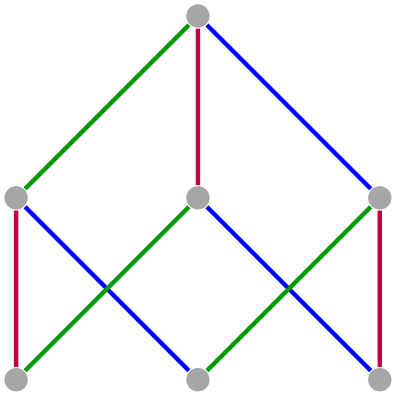


Folding graph

- Vertices are folding complexes (modelling folding states)
- Edges are folding plans connecting two folding complexes

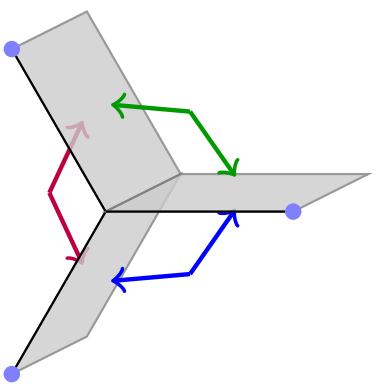


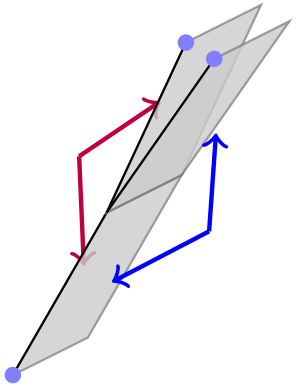


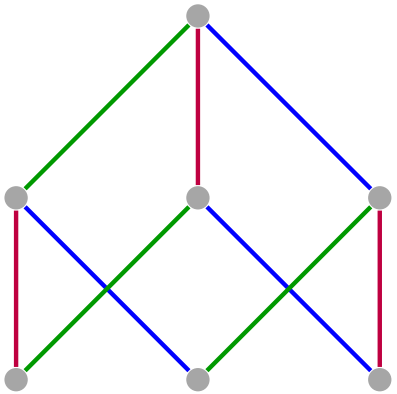


Folding graph

- Vertices are folding complexes (modelling folding states)
- Edges are folding plans connecting two folding complexes







Folding graph

- Vertices are folding complexes (modelling folding states)
